## ***A WORD FROM OUR PRIEST***

Dear Friends,

We're continuing our efforts for a vital summer; keeping and growing our fellowship, and getting us strong enough to engage the work of congregational development.

What can we all do? Here are three things, basic, but right up front:

- 1) Come to church every Sunday, or at least every Sunday that you can. Every worshipping presence strengthens our life and witness.
- 2) Invite someone you know to come to church—or come back to church. And think about offering a ride to someone who needs it.
- 3) Participate in parish activities, and also consider what you might do, additionally, to share in the congregation's work. Talk to me or one of the Wardens about possibilities—of which there are many.

Additionally, we all need to think, deliberately and faithfully, about our financial support of Incarnation Church. Your Vestry and Office Administration are committing themselves to fuller and clearer communication about money matters—including the development of a real budget, which we can then share with you.

But for right now, here's some information I hope you'll find useful: We currently have 22 pledging units. (Units can be individuals and households.) Our average pledge is \$2709 per year. Which—again—averages out to \$52 per week. Many profound thanks to all who are pledging, no matter what the amount.

We also have quite a few members who give, financially, but do not pledge. Of course, every contribution is deeply appreciated, but this fall, when we conduct our annual stewardship drive, we're going to be inviting everyone to consider pledging. Why so? Because pledging allows us to plan well. We know that circumstances change (and if so, all we ask is that people let us know if they are having to change their pledge). But a higher percentage of pledging givers allows us to have a much more effective, more responsible money management.

Meanwhile, if your own personal weekly giving (either pledged, or not) is notably below that weekly average of \$52 that I just mentioned above, and you can responsibly afford to do so, I would respectfully encourage you to consider getting at least closer up to that average. (And we have members who are

already giving a very great deal more than that average. Most profound thanks to you, from the bottom of our hearts!)

Both for material and for spiritual reasons, days are past—long past—when we can be a church that “doesn’t talk about money.”

So, how are we doing, financially, right now? A very recent review indicated that our total income [excluding restricted funds for the roof repair, etc] average out to a weekly figure of about \$2700. That same review showed that our averaged-out weekly expenses [which would exclude things like the roof repair] are about \$2600. So we could say that we are squeaking by—but only barely.

Again, your Vestry will be providing much fuller information in the near future.

In all this, please know: No Guilt! No shame-mongering! None, at all! Just asking, with God’s help, that we all do what we can in this critical time in the life of our parish, remembering in the Lord’s Abundance, we always have enough to be generous in turn.

On another note, thank you all for submitting information on Baptisms, Confirmations, Weddings, and Funerals since 2004, when record keeping here stopped. We are hard at work making substantial progress in rebuilding our official Records. Many, many hours are being put into this effort. Thanks, again.

All God’s Blessings to you, dear ones, now and always.

Yours in Christ,

Adam+

## FROM OUR SENIOR WARDEN

Dear Parish Family,

With our warm weather comes beauty and some needs as well. One is about situation of the growing population of people next door. Some are homeless, many are not. Some have mental health issues. And some simply like to hang out and party. I need help with daily drive around a the church to keep things clean, and when needed to report if you see a situation with people that might not be treating our grounds with care. What to do? Call police if needed, however most of time just let me know, so I can keep an eye on situation. Also I need help with daily garbage that gets blown or dropped around the church.

On that note: Many Thank yous to Cliff and Tiff for the beautiful lawn care! The wedding we just had was beautiful and many wonderful people came to our church! Congratulations to Ellen and Eric Monroe! Hope to have pictures to share soon

There are many others to thank as usual: Tom and Patti, Neil and Gretchen, all the Jennings, the vestry, the Dohrmans, the altar guild, the Gleaves, and Father Adam!

I will be taking a few days off, July4-11 (Donna will be in the office on Tuesday, 7/5). However please call church phone if need be, or myself and leave a message.

Love, hugs, and prayers, Sara

## FROM THE DIOCESE

### Calling all Cursillistas!

Bishop Marty is seeking to re-establish Cursillo in the Diocese. In order to do that, a Secretariat of Cursillo members must be created, most of whom should be laity. To volunteer, please let your priest know AND contact Jill Sallin at admin@diomontana.com. We hope to have at least a Zoom Grand Ultreya soon!

## FISH ACTIVITIES

### FISH Activities

The Church of the Incarnation is scheduled to support the FISH program during the week of 5 – 8 July 2022. If you would like to help with this effort, please call Bob Shanks at (406) 454-9063 or (406) 788-5507.

### FISH Data for May 2022

The chart below is a comparison of those serviced by FISH between May 2021 and May 2022. As you can see there was a noticeable increase in demand in 2022 compared to 2021. This increase occurred in the number of families (non singles), singles, adults, children, meals served, and pounds of food delivered; we were up 68.0%, 45.8%, 78.4%, 166.7%, 97.9%, and 20.9% respectively. There were no decreases in any of the categories served. For the year-to-date (YTD) numbers there were increases in the number of families (non singles), singles, children, and meals served; we were up 6.2%, 14.9%, 10.4%, and 1.7% respectively. There were decreases in the number of adults and pounds of food delivered; we were down 2.7% and 1.6% respectively. This means FISH provided about 2.2 tons of emergency food to our community during the month of May 2022 and 10.9 tons for the months of January through May 2022 (that's about 2.2 tons per month).

|                        | May 2021 | 2021 YTD | May 2022 | 2022 YTD |
|------------------------|----------|----------|----------|----------|
| Families (non singles) | 25       | 177      | 42       | 188      |
| Singles                | 24       | 148      | 35       | 170      |
| Adults                 | 74       | 524      | 132      | 510      |
| Children               | 21       | 182      | 56       | 201      |
| Meals                  | 1,425    | 10,590   | 2,820    | 10,665   |
| Pounds of Food         | 3,570    | 22,217   | 4,317    | 21,852   |

Clearly, there is still a demand (in our community) for the emergency food we distribute through FISH. ***Amen!***
